

WHERE THE WORLD MEETS NATURE

BIOMEDICA

Herbal World with Biomedica for Over 30 Years

The roots of the company reach back to the Pivovarský Dům on Lípová Street in Prague, where in November 1991, the first headquarters of BIOMEDICA was established. At the helm of the company was Dr. Hubert Koukol, with a clear vision – to produce products that help people, naturally. He knew that nature holds power, which he wanted to harness.

Thanks to financial support from EU funds, we have become experts in the production of cosmetics and hemodialysis medical devices.

The company stands on three pillars: the production of our own products, contract manufacturing, and the sale of raw materials. In 2024, BIOMEDICA has more than 300 employees and holds the Good Manufacturing Practice (GMP) certificate, among many others. You can find the BIOMEDICA logo in hospitals and pharmacies throughout the Czech and Slovak Republics, as well as abroad.

4KERAHAIR LINE

4KERAHAIR Collagen Drink is a nourishing drink for complete anti-aging and anti-stress hair care. It contains hydrolyzed marine collagen, hyaluronic acid, keratin, and vitamins for healthy hair. The product is enriched with MSM (methylsulfonylmethane), traditionally referred to as the "beauty mineral." It also contains vitamin C, which contributes to the normal formation of collagen for normal skin function and protects cells from oxidative stress. Biotin and zinc help maintain the normal condition of hair and skin. The vitamin complex niacin and riboflavin contribute to maintaining the normal condition of the skin. 4KERAHAIR Collagen Drink supports hair quality. Gluten-free, lactose-free.

Recommended dosage:

1 sachet per day. Pour the contents of the sachet into a glass, add approximately 200 ml of water, and stir.

Warning: Not intended for children under 3 years old, pregnant or breastfeeding women. Do not exceed the recommended daily dosage. The product is not a substitute for a varied and balanced diet.

Ingredients:

Fish collagen, dried beetroot juice, raspberry flavor, natural strawberry flavor, acidity regulator citric acid, methylsulfonylmethane, sodium hyaluronate, keratin, L-ascorbic acid, zinc gluconate, sweetener steviol glycosides from stevia, nicotinamide, pyridoxine hydrochloride, riboflavin, pteroylmonoglutamic acid, D-biotin.

4KERAHAIR Activator

Cosmetic Product

06

Hair care and protection from roots to ends. 4KERAHAIR Activator with keratin, the active ingredient AKOSKY AZUKI® and plant extracts from chamomile, birch, nettle, and ivy. AKOSKY AZUKI® contains extracts from fresh mung bean sprouts and meadow clover, which regenerate the hair growth cycle, improve hair density, reduce hair loss, help strengthen the hair, and enhance microcirculation of the scalp. Dermatologically tested.

Tip:

We recommend supplementary care with the 4KERAHAIR cosmetic products: 4KERAHAIR Keratin Shampoo, 4KERAHAIR Keratin Serum, and the dietary supplement 4KERAHAIR Collagen Drink.

Instructions for use:

Spray the product once a day, preferably in the evening before bedtime, onto the scalp at the hair roots. Do not rinse.

Ingredients:

Aqua, Cocamidopropyl Betaine, Propylene Glycol, Glycerin, Alcohol Denat., Sodium Chloride, Sodium Benzoate, Potassium Sorbate, Eucalyptus Citriodora Oil, Rosmarinus Officinalis Leaf Oil, Hydrolyzed Keratin, Chamomilla Recutita Flower Extract, Urtica Dioica Extract, Hedera Helix Leaf Extract, Betula Alba Leaf Extract, Trifolium Pratense / Vigna Radiata Sprout Extract, Sodium Laureth Sulfate, Citric Acid, Lactic Acid, Linalool, Limonene, Citronellol.

Packaging: 210 ml

4KERAHAIR Shampoo

Cosmetic Product

07

4KERAHAIR Keratin Shampoo with the active ingredient SEPICAP™ MP and plant extracts from ivy, nettle, and birch restores the strength of your hair, acting on both the hair fiber and scalp. It protects hair that is stressed, chemically treated, sun-exposed, and blow-dried. Suitable for all hair types. Dermatologically tested.

Tip:

We recommend combining with the 4KERAHAIR cosmetic products: 4KERAHAIR Keratin Serum, 4KERAHAIR Keratin Activator, and the dietary supplement 4KERAHAIR Collagen Drink.

Instructions for use:

Apply the product to damp hair, gently massage into the scalp, and leave on for 1-2 minutes. Then rinse with water.

Ingredients:

Aqua, Sodium Lauroyl Sarcosinate, Cocamidopropyl Betaine, Glyceryl Stearates, Pentylene Glycol, Coco-Glucoside, Sodium Chloride, Glycerin, Propylene Glycol, Sodium Levulinate, Sodium Cocoyl Amino Acids, Hedera Helix Leaf Extract, Urtica Dioica Extract, Sodium Laureth Sulfate, Alcohol Denat., Cymbopogon Flexuosus Herb Oil, Sodium Anisate, Potassium Dimethicone PEG-7 Panthenyl Phosphate, Hydrolyzed Keratin, Sodium Sarcosinate, Lauric Acid, Betula Alba Leaf Extract, Tetrasodium EDTA, Citric Acid, Sodium Benzoate, Potassium Sorbate, Citral, Geraniol.

Packaging: 210 ml

4KERAHAIR Serum

Cosmetic Product

08

4KERAHAIR Keratin Serum with the active ingredient AKOSKY AZUKI® and peptides. AKOSKY AZUKI® contains extracts from fresh mung bean sprouts and meadow clover, which support the nourishment and growth of hair. They reduce hair loss. The complex of active ingredients has regenerative and moisturizing effects on the scalp, promoting hair vitality and density. Your hair will appear youthful, strong, and shiny. Dermatologically tested.

Tip:

We recommend supplementary care with the 4KERAHAIR cosmetic products: 4KERAHAIR Keratin Shampoo, 4KERAHAIR Keratin Activator, and the dietary supplement 4KERAHAIR Collagen Drink.

Instructions for use:

The serum can be applied to both dry and damp hair. Apply a small amount of serum to your palms and gently massage it along the length of your hair. Do not rinse.

Ingredients:

Aqua, Ethyl Oleate, Glycerin, Ethyl Linoleate, Ethyl Palmitate, Polyacrylate Crosspolymer-6, Benzyl Alcohol, Ethyl Stearate, Panthenol, Hydrolyzed Keratin, Polyacrylamide, Parfum, Lecithin, Alcohol, Potassium Sorbate, Sodium Benzoate, Niacinamide, Propanediol, Arginine, C13-14 Isoparaffin, Laureth-7, Caprylyl Glycol, Phenoxyethanol, Citric Acid, Eucalyptus Globulus Leaf Extract, Tocopherol, Trifolium Pratense / Vigna Radiata Sprout Extract, Lactic Acid, Sh-Polypeptide-11, Sh-Polypeptide-1, Sh-Oligopeptide-2, Sh-Oligopeptide-10, Sh-Polypeptide-9, Triethanolamine, T-Butyl Alcohol, Coumarin, Geraniol, Hydroxycitronellal, Limonene, Linalool, Alpha-Isomethyl Ionone.

Packaging: 210 ml

MARINE COLLAGEN Drink

Liquid Food Supplement with Stevia Plant Sweetener

09

It contains marine collagen (types I, II, III), vitamin C, which contributes to the formation of collagen for the normal function of bones, blood vessels, cartilage, and gums. The product is further enriched with hyaluronic acid and zinc, which helps maintain the normal condition of bones, hair, nails, and skin. Copper contributes to the maintenance of normal connective tissue. The liquid dietary supplement Marine Collagen Drink with passion fruit flavor is sweetened with steviol glycosides, which are derived from the stevia plant.

Active Ingredients	1 sachet	NRV*
Fish Collagen	5 g	-
Ascorbic acid (vitamin C)	60 mg	75 %

Packaging: 2 x 30 sachets

HEMP HAND CREAM

Cosmetic Product

12

Hemp Hand Cream is highly effective in caring for very dry and stressed hand skin. It contains 10% hemp oil, beeswax, and marigold extract to regenerate, soften, and moisturize the skin. It is lightly fragranced and suitable for daily skin care. Dermatologically tested.

Instructions for use:

Gently apply to the skin as needed.

Ingredients:

Water, Cannabis Sativa Seed Oil, Isopropyl Myristate, Cetyl Alcohol, Paraffinum Liquidum, Glycerin, Glyceryl Stearate, Ceteareth-20, Ceteareth-12, Cetearyl Alcohol, Cetyl Palmitate, Calendula Officinalis Flower Extract, Alcohol Denat., Beeswax (Cera Alba), Triethanolamine, Carbomer, Phenoxyethanol, Ethylhexylglycerin, Fragrance (Parfum).

Packaging: 100 ml

ACNE LINE

13

GENTLE CARE
for
YOUR SKIN

The mask with silver helps care for problem skin prone to acne. Silver effectively combats a wide range of microbes that cause acne on the skin.

*Dermatologically tested. **Supported by the TAČR ALTERBIO TE02000006 grant project.***

Instructions for use:

Apply to clean facial skin, leave on for 20 minutes, then rinse off with water.

Ingredients:

Aqua, Helianthus Annuus Seed Oil, Alcohol Denat., Carbomer, Panthenol, Triethanolamine, Bellis Perennis Flower Extract, Juniperus Communis Fruit Extract, Rosmarinus Officinalis Leaf Extract, Lavandula Angustifolia Oil, Rosmarinus Officinalis Leaf Oil, Melaleuca Alternifolia Leaf Oil, Juniperus Communis Fruit Oil, Calendula Officinalis Flower Extract, Silver Polyacrylate, Tocopherol, Aloe Barbadensis Leaf Juice Powder, Citric Acid, Limonene, Linalool.

Packaging: 7 x 10 ml

Cosmetic product for the immediate treatment of problematic acne-prone skin. The product is dermatologically tested. It contains extracts of daisies, juniper, plantain, rosemary, and calendula. The effect is enhanced by salicylic acid, which has anti-inflammatory and mild antibacterial properties.

Instructions for use:

Apply locally several times a day as needed to emerging acne.

Warning:

Not for use in children under 3 years.

Ingredients:

Aqua, Alcohol Denat., Juniperus Communis Fruit Extract, Bellis Perennis Flower Extract, Salicylic Acid, Plantago Lanceolata Leaf Extract, Calendula Officinalis Flower Extract, Rosmarinus Officinalis Leaf Extract, Limonene.

Packaging: 10 ml, roll-on

AKNEPUR® Powder Cosmetic Product

16

A traditional remedy suitable for problematic skin prone to acne. The powder, with a balanced content of sulfur and zinc, has beneficial effects on skin regeneration, absorbs excess sebum, and contributes to the removal of the upper layer of the skin. Dermatologically tested.

Instructions for use:

First, thoroughly wash and dry your skin. Then, apply a suitable amount of powder to the problematic areas. Use 1-3 times a day, preferably in the evening at home. When applying, avoid contact with mucous membranes in the mouth and eyes. Keep the powder out of reach of children's noses and mouths!

Tip:

For the care of problematic skin, you can also apply the cosmetic product Tea Tree Oil Biomedica Essential Oil.

Ingredients:

Talc, Titanium Dioxide, Sulfur, Magnesium Stearate, Zinc Stearate.

Packaging: 20 g

Set for acne-prone skin

Cosmetic Products

A set of products focused on eliminating the causes of acne and regulating excessive sebum production. With regular use, it helps care for problematic skin, soothes existing pimples, and accelerates skin regeneration. It includes a complete range of three cosmetic products: AkneOFF® roll-on 10 ml – for immediate use, AkneSilver Mask® 7x10 ml with silver that acts against a wide range of microbes causing acne on the skin, and Aknepur® powder 20 g for skin regeneration.

DEVILAN[®]

LINE

17

NEW START
FOR YOUR FEET

DEVILAN® UREA Cream

18

Cosmetic Product

DEVILAN®UREA cream treats rough, stressed, and hardened skin on the feet, which is prone to calluses and cracking. It can also be used on elbows, hands, and knees. The gentle fragrance of water lily and lime refreshes the skin.

Active ingredients:

25% UREA, natural fats from shea butter, glycerin, and beeswax.

Instructions for use:

Apply the cream to the thickened skin. Repeat as needed. It is recommended to perform wraps, such as using cotton socks.

Ingredients:

Aqua, Urea, Cera Alba, Butyrospermum Parkii Butter, Glyceryl Stearate Citrate, Glycerin, Cetearyl Alcohol, Glyceryl Stearates, Benzyl Alcohol, Aloe Barbadensis Leaf Juice, Parfum, Helianthus Annuus Seed Oil, Potassium Sorbate, Sodium Benzoate, Allantoin, Citric Acid, Tocopherol, Ethyl Ferulate, Betula Alba Leaf Extract, Achillea Millefolium Flower Extract, Equisetum Arvense Extract, Urtica Dioica Leaf Extract, Rosmarinus Officinalis Leaf Extract, Salvia Officinalis Leaf Extract, Tilia Plantiphyllous Flower Extract, Humulus Lupulus Extract.

Packaging: 75 ml

DEVILAN® Powder 20 g

Cosmetic Product

DEVILAN® powder is used for the care of skin prone to fungal infections, especially between the toes. It protects and regenerates problem areas. The powder is also suitable for feet suffering from excessive sweating.

Ideal for athletes, people with increased foot sweating, and for use in footwear during the summer months. The product is dermatologically tested.

Directions for use:

First, wash and dry the skin thoroughly, then apply an appropriate amount of the product. Use 1-3 times a day. Keep the powder out of reach of children's noses and mouths!

Ingredients:

Talc, Kaolin, Zinc Oxide, Magnesium Stearate, Zinc Undecylenate, Chlorhexidine Digluconate, Aqua, Parfum.

Packaging: 20 g

A WIN for your BONES AND CARTILAGE

BIARTHRO PROTEIN COLLAGEN Drink

20

Food Supplement with Sweetener

It is a food supplement in the form of a dissolvable drink. It contains a unique ingredient from egg membrane, which is a natural source of lecithin (min. 60%), collagen types I, V, and X. Additionally, it is enriched with marine collagen types I, III, glucosamine, chondroitin, MSM, hyaluronic acid, as well as the minerals magnesium, calcium, and vitamins C, D, and K. Vitamin C contributes to the normal formation of collagen for the normal function of bones, cartilage, blood vessels, skin, teeth, and gums. Magnesium contributes to the normal functioning of muscles. Vitamin K and calcium help maintain normal bone condition.

Recommended dosage:

1 sachet per day. Pour the contents of the sachet into a glass, add approximately 200 ml of water, and stir.

Warning:

Not intended for children, pregnant or breastfeeding women. Do not exceed the recommended daily dose. This product is not a substitute for a varied and balanced diet. Keep out of reach of children!

Ingredients:

Fish collagen (made in the EU), **D-glucosamine sulfate 2KCl (from shellfish)**, calcium lactate, magnesium lactate, **egg membrane extract**, acidity regulator citric acid, chondroitin sulfate, natural orange flavor, calcium citrate, methylsulfonylmethane, L-ascorbic acid, sodium hyaluronate, sweetener steviol glycosides from stevia, natural lemon flavor, cholecalciferol, menaquinone.

Sodium Hyaluronate	28,5 mg	-
Magnesium	56,25 mg	15 %
Calcium	120 mg	15 %
Vitamin C	30 mg	37,5 %
Vitamin D ₃	5 µg	100 %
Vitamin K ₂	20 µg	27 %

*NRV = Nutrient Reference Value

Packaging: 30 sachets

RELAXING MASSAGE *for skin in the area of* JOINTS & MUSCLES

BIOARTHRO GEL®

Cosmetic Product

Herbal massage gel for massaging the skin around the joints. The gel contains a blend of effective warming and regenerating plant ingredients: extracts of horse chestnut and juniper, high-quality essential oils (lavender, camphor, eucalyptus, mint, and turpentine oil from the resin of the Mediterranean pine bark). Regular massage helps alleviate joint stiffness, thus improving mobility. Also suitable for regeneration after sports activities. Dermatologically tested.

Instructions for use:

Apply the gel to the skin around the joints and gently massage in.

Warning:

Not for use in children under 6 years old.

Ingredients:

Aqua, Glycerin, Isopropyl Myristate, Cetearyl Ethylhexanoate, Alcohol Denat., PEG-35 Castor Oil, Ethyl Salicylate, Phenoxyethanol, Carbomer, Triethanolamine, Turpentine, Mentha Arvensis Herb Oil, Mentha Piperita Herb Oil, Eucalyptus Globulus Leaf Oil, Cinnamomum Camphora Wood Oil, Decamphorised, Ethylhexylglycerin, Aesculus Hippocastanum Seed Extract, Juniperus Communis Fruit Extract, Gaultheria Procumbens Leaf Oil, Linalool, Limonene.

Packaging: 300 ml

BIOMENT GEL®

Cosmetic Product

Herbal massage gel provides care for the skin after physical exertion, during rehabilitation, or for individuals who are bedridden. It contains horse chestnut extract and plant essential oils (eucalyptus, rosemary, mint, lavender, clove) which, combined with massage, help relieve the feeling of tired and strained muscles. Suitable for massaging the skin in the muscle area after physical or sports activities. Ideal for both seniors and athletes. Dermatologically tested.

Instructions for use:

Gently massage the gel into the skin as needed. The gel is particularly suitable for massages in the back and limb areas.

Warning:

Not suitable for children under 3 years old.

Ingredients:

Aqua, Glycerin, Isopropyl Myristate, Cetearyl Ethylhexanoate, PEG-35 Castor Oil, Alcohol Denat., Phenoxyethanol, Eucalyptus Globulus Leaf Oil, Rosmarinus Officinalis Leaf/Stem Oil, Lavandula Angustifolia Oil, Carbomer, Triethanolamine, Eugenia Caryophyllus Leaf Oil, Mentha Arvensis Herb Oil, Mentha Piperita Herb Oil, Aesculus Hippocastanum Seed Extract, Ethylhexylglycerin, Coumarin, Eugenol, Linalool, Limonene, Geraniol.

Packaging: 100 ml, 300 ml or 3 kg for massage therapists

ALL YOU NEED IS...

BIOVENOL® Cream Cosmetic Product

25

BIOVENOL® Cream provides a pleasant cooling effect and is ideal for caring for tired feet with a tendency to swell or have venous problems. The combination of high-quality essential oils: lavender, lemongrass, pine, tea tree, rosemary, and herbal extracts from chestnut, arnica, marigold, and juniper helps to stimulate blood circulation, refresh the skin, and accelerate its regeneration processes. The cream has good spreadability, a very pleasant fragrance, and does not leave an oily film.

Instructions for use:

Gently massage BIOVENOL® Cream into the skin several times a day.

Ingredients:

Aqua, Glycerin, Glyceryl Stearate, Alcohol Denat., Cetareth-20, Phenoxyethanol, Isopropyl Myristate, PEG-35 Castor Oil, Cetareth-12, Cetearyl Alcohol, Cetyl Palmitate, PEG-40 Hydrogenated Castor Oil, Lavandula Angustifolia Oil, Cymbopogon Flexuosus Herb Oil, Aesculus Hippocastanum Seed Extract, Carbomer, Triethanolamine, Pinus Sylvestris Leaf Oil, Ethylhexylglycerin, Melaleuca Alternifolia Leaf Oil, Rosmarinus Officinalis Leaf/Stem Oil, Juniperus Communis Fruit Extract, Calendula Officinalis Flower Extract, Arnica Montana Flower Extract, Coumarin, Citral, Citronellol, Geraniol, Isoeugenol, Linalool, Limonene.

Packaging: 200 ml

BIVENOL micro

Food Supplement

BIVENOL micro is a dietary supplement that contains a micronized blend of diosmin and hesperidin. Micronization of diosmin and hesperidin increases their absorption and utilization. It also contains rutin, horse chestnut extract (min. 20% aescin), which supports healthy blood circulation and helps reduce the feeling of heavy legs, and resveratrol for normal cardiovascular function. We recommend combining it with the cosmetic product BIOVENOL® Cream.

Recommended dosage:

1 tablet once a day.

Warning:

Not suitable for children under 18 years old, pregnant or breastfeeding women. Do not use with medications affecting blood clotting. Do not exceed the recommended daily dosage. This product should not be used as a substitute for a varied diet.

Ingredients: Diosmin, filler microcrystalline cellulose, calcium hydrogen phosphate, horse chestnut extract, hesperidin, polyvinylpyrrolidone, rutin, sodium croscarmellose, resveratrol, anti-caking agent magnesium stearate, talc, coating: polishing agent hydroxypropylmethylcellulose, hydroxypropylcellulose, stabilizer: talc, coloring agent: calcium carbonate, safflower extract, coloring agent: copper complexes of chlorophyllins.

Active Ingredients	1 sachet	NVR*
Diosmin	450 mg	-
Hesperidin	50 mg	-
Rutin	20 mg	-
Horse chestnut extract (min. 20% aescin)	75 mg	-
Resveratrol	10 mg	-

*NRV = Nutrient Reference Value

Packaging: 60 + 10 tbl. for free

ASCOFFIN® drink

28

Food Supplement with Sweetener

Soluble effervescent powdered drink with a high caffeine content (70 mg per daily dose) and iodine. It also contains vitamins C, B₂, B₃ and B₆. Niacin helps reduce fatigue and exhaustion. Riboflavin contributes to the normal functioning of the nervous system. Vitamin B₆ supports normal psychological function. The dietary supplement is lemon-flavored.

Recommended dosage:

1 sachet per day. Pour the contents of the sachet into a glass, add 200 ml of cold water, and stir.

Warning:

Contains caffeine and **lactose**. Not intended for children. Not suitable for pregnant and breastfeeding women or individuals with high blood pressure. Do not combine with alcohol. Do not exceed the recommended daily dose. This product is not intended as a substitute for a varied and balanced diet and a healthy lifestyle.

Ingredients:

Filler **lactose**, anti-caking agent tartaric acid, sodium bicarbonate, L-ascorbic acid, caffeine, lemon flavoring, sweetener steviol glycosides from stevia, nicotinamide, pyridoxine hydrochloride, riboflavin, potassium iodide.

Packaging: 10 sachets / 40 g

Active Ingredients	1 sachet	NVR*
Caffeine	70 mg	-
Iodine	76 µg	50 %
Niacin	20 mg	125 %
Vitamin B ₂	1,6 mg	114 %
Vitamin B ₆	6,5 mg	464 %
Vitamin C	120 mg	150 %

*NRV = Nutrient Reference Value

Energy in your pocket for every occasion. A soluble powdered drink with a high caffeine content (90 mg per daily dose) containing vitamins B₃, B₅, B₆, B₁₂ and taurine. Vitamin B₆ contributes to normal psychological function. Pantothenic acid supports normal mental performance. Suitable, for example, for athletes, drivers, and individuals who need higher concentration for their activities.

Recommended dosage:

1 sachet per day. Pour the contents of the sachet into a glass, add 200 ml of cold water, and stir.

Tip:

We recommend taking it especially during exam periods.

Warning:

Contains caffeine. Not intended for children. Not suitable for pregnant and breastfeeding women or individuals with high blood pressure. Do not combine with alcohol. Do not exceed the recommended daily dose. This product is not intended as a substitute for a varied and balanced diet and a healthy lifestyle.

Ingredients:

*NRV = Nutrient Reference Value

MENOPAUSAL

comfort

The product contains a unique combination of four extracts for menopausal comfort: sage (Salvia officinalis), Chinese angelica (Angelica sinensis), Peruvian maca (Lepidium meyenii), and specially modified hops (Humulus lupulus) - the Vital variety with an increased content of 8-prenylnaringenin. Hops also have calming effects, promote good sleep, and, together with sage, support normal digestion. Additionally, the product is enriched with resveratrol for the normal functioning of the cardiovascular system and vitamin B₆, which contributes to the regulation of hormonal activity.

The product was developed in collaboration with the Czech University of Life Sciences Prague and the Hop Research Institute in Žatec, with the support of the Technology Agency of the Czech Republic.

Recommended dosage:

1 tablet 2 times a day.

Warning:

Not intended for children, pregnant or breastfeeding women. Do not exceed the recommended daily dose. This product should not be used as a substitute for a balanced and varied diet.

Ingredients:

Filler microcrystalline cellulose, extract of hops, filler dicalcium phosphate, polyvinylpyrrolidone, anti-caking agent magnesium stearate, extract of Peruvian maca, extract of sage, extract of Chinese angelica, magnesium oxide, resveratrol, pyridoxine hydrochloride, coating: hydroxypropyl cellulose, hydroxypropyl methylcellulose.

Packaging: 120 tbl.

Active ingredients	Content/ 1 tbl.	NRV*

Extract of Peruvian maca	10 mg	-
Extract of Sage	10 mg	-
Extract of Chinese angelica	10 mg	-
Resveratrol	6 mg	-
Vitamin B ₂	1,4 mg	100 %

*NRV = Nutrient Reference Value

PYRIDOXIN BIOMEDICA 20 mg

32

Food Supplement with Sweetener

Pyridoxine, or vitamin B₆, contributes to the normal functioning of the nervous system, the formation of red blood cells, the normal function of the immune system, and psychological function. Additionally, it helps reduce fatigue and exhaustion.

Warning:

Not intended for children. Do not exceed the recommended daily dose. This product should not be used as a substitute for a varied and balanced diet and a healthy lifestyle.

Ingredients:

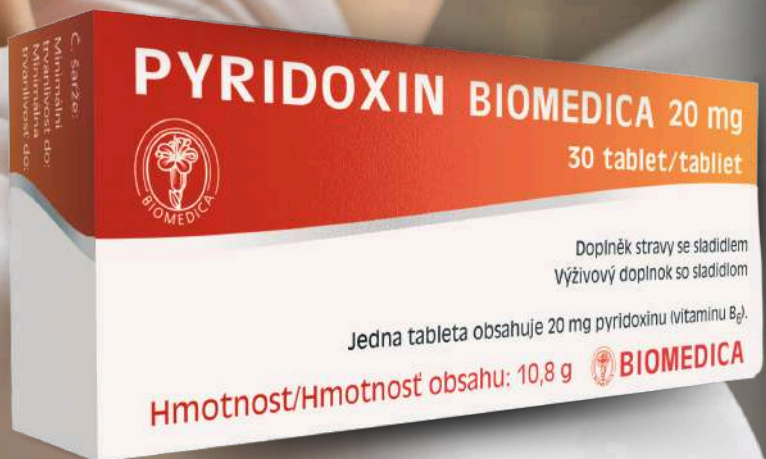

Filler dicalcium phosphate, maltodextrin, anti-caking agent microcrystalline cellulose, sweetener sorbitol, filler polydextrose, pyridoxine hydrochloride, anti-caking agent magnesium stearate.

Recommended dosage:

½ tablet daily, which provides 10 mg of pyridoxine (vitamin B₆), equivalent to 714% of the NRV-Nutritional reference value.

*NRV = Nutrient Reference Value

Packaging: 30 tablets

BITUSILKY - Herbal Pastilles with Honey

33

Food Supplement

The dietary supplement Bitusilky contains a blend of 5 herbal extracts and honey. Traditional herbs such as primrose, common thyme, licorice root, and plantain contribute to the proper functioning of the respiratory system, while elderberry acts as an antioxidant. The extracts of plantain and licorice also support the immune system. Additionally, the natural essential oils used (eucalyptus and anise) and menthol provide a pleasant refreshing taste that supports the proper function of the respiratory system.

Warning:

Not intended for children, pregnant or breastfeeding women, and individuals with high blood pressure. Not suitable for those sensitive to bee products. Do not exceed the recommended daily dose. This product does not replace a varied diet.

Recommended dosage:

1 pastille 3 times a day.

Packaging: 15 + 2 pastilles.

Ingredients:

Sucrose, glucose syrup, extract of primrose flower, extract of plantain leaf, extract of elderflower, thyme herb, licorice root, flower bee honey, water, ascorbic acid (acidity regulator), menthol, anise essential oil, eucalyptus essential oil, natural lemon flavor.

Medosil is a selected type of flower bee honey enriched with a blend of plant essential oils and natural menthol. The creamy consistency of the honey is achieved through a special production technology that preserves all its valuable substances.

Recommended dosage:

Children aged 6 to 12 years: 1 to 2 level teaspoons / Adults: 3 level teaspoons.

Ingredients:

Flower bee honey (creamed), eucalyptus essential oil, ethanol, anise essential oil, menthol.

1 level teaspoon (5 g) contains 11 mg of menthol.

Warning:

It is recommended to use the product at the specified dosage for a maximum of 14 days. After opening, store the product in the refrigerator. Not intended for children under 6 years of age. Not suitable for individuals sensitive to bee products. Do not exceed the recommended daily dose. This product should not be used as a substitute for a varied diet.

Country of origin of the honey: Czech Republic

Packaging: 65 g

HCY-VITALIST®

a member of every family

Food Supplement with Stevia Sweetener

A drink concentrate with an orange flavor and white mulberry extract to support the immune system of the whole family. It contains B vitamins (B₆, B₉, and B₁₂), which contribute to the maintenance of normal immune system functions and metabolic processes. Vitamin B₆ helps in the normal metabolism of homocysteine (HCY) and the synthesis of cysteine. The product is enriched with vitamin C, which has several positive effects on the entire organism, such as protecting cells from oxidative stress and supporting collagen formation for the normal function of blood vessels, bones, cartilage, gums, skin, and teeth. Suitable for adults and children from 3 years old.

Ingredients:

Water, magnesium lactate dihydrate, acidity regulator citric acid, choline bitartrate, extract of white mulberry leaf (*Morus alba*), zinc gluconate, sweetener steviol glycosides from stevia, preservative potassium sorbate, natural orange flavor, L-ascorbic acid, pyridoxine hydrochloride, riboflavin, thiamine hydrochloride, pteroylmonoglutamic acid (folic acid), D-biotin, cyanocobalamin.

Active ingredients	In 30 ml	NRV* in 30 ml
White mulberry	159 mg	-
Choline	89 mg	-
Magnesium	56,3 mg	15 %
Vitamin C	19,2 mg	24 %
Zinc	7,3 mg	73 %
Vitamin B ₁	1,0 mg	91 %

Vitamin B ₆	2,2 mg	157 %
Vitamin B ₁₂	8,3 µg	332 %
Folic Acid	630 µg	315 %
Biotin	46,8 µg	94 %

*NRV = Nutrient Reference Value

Warning:

Not intended for children under 3 years of age. Do not exceed the recommended daily dose. Do not use as a substitute for a varied and balanced diet.

Recommended Dosage: Children from 3 years: 5–10 ml twice a day.

Adults: 15 ml twice a day.

Recommended Dilution: 1:5.

Packaging: 475 ml

Vitamin D₃ + Zn + Probio

Food Supplement

Daily care for immune system support. A unique combination of probiotics *Limosilactobacillus reuteri* (1 billion CFU/tablet), prebiotic inulin (150 mg/tablet), and vitamin D₃ (1000 IU/tablet). Enriched with the mineral zinc, which contributes to the normal function of the immune system and helps maintain normal hair and nail condition, as well as protect cells from oxidative stress. The product is suitable during and after the use of antibiotics. Suitable for children aged 12 and older. Gluten-free.

Recommended dosage:

Children from 12 years: 1 tablet every other day.

Adults: 1 tablet daily.

Warning:

Not intended for children under 12 years of age. Do not exceed the recommended daily dosage. This product should not be used as a substitute for a varied diet.

Ingredients:

Microcrystalline cellulose (filler), inulin, zinc gluconate, *Limosilactobacillus reuteri*, cholecalciferol (vitamin D₃), magnesium stearate (anti-caking agent).

Packaging: 30 tablets

Plectranthus Amboinicus Extract

42

Liquid Food Supplement

Plectranthus extract is a liquid food supplement designed to support the normal function of the immune and respiratory systems in adults and children from 3 years of age. Due to its method of use, the supplement coats the mucous membrane when swallowed, and through extracts of thyme, plantain, and sage, it helps alleviate the sensation of irritation in the throat and vocal cords. Vitamin C contributes to the normal function of the immune system.

Recommended dosage:

Children from 3 years: 5 ml 3 times a day.

Children from 12 years and adults: 5 ml 3-5 times a day.

Warning:

Do not exceed the recommended daily dosage. Not suitable for children under 3 years, pregnant, or breastfeeding women. This product is not a substitute for a varied and balanced diet. Any cloudiness or sediment is normal. Shake well before use. Keep out of reach of children! Do not expose to direct sunlight!

Ingredients:

Inverted sugar, water, L-ascorbic acid (vitamin C 375 mg, 469% RDI*), extract from plantain leaves (66.3 mg, RDI* not established), thyme leaves (42.9 mg, RDI* not established), lemon balm (780 mg, RDI* not established), extract from sage leaves (585 mg, RDI* not established), preservative potassium sorbate.

*Reference intake value in 15 ml.

Packaging: 240 ml

Plectranthus Amboinicus Balm

Cosmetic product

Plectranthus balm is a cosmetic product made according to a unique formula enriched with herbal essential oils and Plectranthus. The product is intended for local application on the skin in the chest, back, and neck areas. After application to the skin, essential oils are released from the balm, refreshing the respiratory tract. Dermatologically tested.

Instructions for use:

Typically, apply 2-3 times daily to the chest, back, and neck of adults or children using gentle massage. Before applying to the entire chest, it is advisable, especially for children and individuals with sensitive skin, to test it on a small area of the chest. Do not use if there is a known hypersensitivity to any of the ingredients in the product. This product is not intended for children under 3 years of age.

Ingredients:

Petrolatum, Paraffinum Liquidum, Eucalyptus Globulus Leaf Oil, Pinus Sylvestris Leaf Oil, Mentha Spicata Herb Oil, Menthol, Thymus Vulgaris Flower/Leaf Oil, Mentha Arvensis Herb Oil, Mentha Piperita Oil, Lavandula Angustifolia Oil, Citrus Limon Peel Oil, Plectranthus Amboinicus Extract, Tocopherol, Limonene, Linalool, Eugenol, Citral, Geraniol.

ALOE VERA *Food Supplement*

46

Aloe Vera is a 99.55% juice with small pieces of the gel-like pulp of true Aloe barbadensis Miller, cold-pressed. Aloe Vera has beneficial properties for the body, particularly supporting its natural defenses, contributing to normal intestinal function, and aiding in body purification and detoxification.

Recommended dosage:

50 ml (5 tablespoons) daily, one hour before meals. It is recommended to dilute with water or fruit juice in a ratio of 1:1 before use. The juice can also be taken undiluted.

Warning:

Not suitable for children. Do not exceed the recommended daily dosage. This product is not intended as a substitute for a varied and balanced diet. Pregnant and breastfeeding women should consult a doctor or pharmacist regarding the dosage.

Ingredients:

Aloe vera juice, acidity regulator citric acid, preservatives sodium benzoate and potassium sorbate.

Active ingredient: Aloe vera Barbadensis Miller juice (reference intake value not established).

Packaging: 500 ml

Lactulosa Biomedica 667 mg/ml

Over-the-counter Medicine

Lactulosum - syrup for internal use.

Lactulosum is a medicinal product containing a laxative known as lactulose. It softens stool and facilitates its passage by attracting water into the intestines. It is not absorbed by the body and does not disrupt the physiological activity of the intestines. Lactulosa Biomedica can be used without a doctor's recommendation to treat constipation and in situations where soft stool formation is necessary, such as: if you have hemorrhoids, or after surgery on the rectum or colon.

Dosage:

Adults and adolescents: Initial daily dose of 1-3 tablespoons. Maintenance daily dose of 1-2 tablespoons.

Children and adolescents (7-14 years): Initial daily dose of 1 tablespoon. Maintenance daily dose of 2-3 teaspoons.

Children and toddlers (1-6 years): Initial daily dose of 1-2 teaspoons. Maintenance daily dose of 1-2 teaspoons.

Infants under 1 year: Initial daily dose of ½-2 teaspoons. Maintenance daily dose of ½-2 teaspoons.

Warning:

This product should not be used in cases of hypersensitivity to lactulose, lactose intolerance, galactosemia (the product also contains lactose and galactose), or intestinal obstruction. Do not exceed the recommended daily dosage. It is not intended as a substitute for a varied diet. If necessary, consult a doctor or pharmacist about the suitability of use. Store at a temperature up to 25°C, in the original, tightly closed bottle, to protect it from light and moisture. Keep away from frost. Keep this product out of the sight and reach of children. During laxative treatment, you should drink sufficient amounts of fluids, approximately 1.5 - 2 liters per day. If you are pregnant or breastfeeding, think you might be pregnant, or are planning to become pregnant, consult your doctor or pharmacist. Also consult a doctor or pharmacist if you have diabetes, Roemheld syndrome, or unexplained abdominal pain. **Please read the package insert carefully. Reg. No. 49/246/73-C.**

Ingredients:

The active substance is 66.7 g of lactulose per 100 ml of solution.

The product does not contain any excipients.

Packaging: 250 ml / 500 ml

Magnesium Lactate Biomedica 500 mg Magnesii lactas dihydricus

Over-the-counter Medicine

The product supplements magnesium levels in the body. It is intended for the prevention or treatment of magnesium deficiency caused by certain conditions (such as diabetes, liver dysfunction, or alcoholism), or in cases of unbalanced nutrition. The product is also suitable for increased magnesium needs (e.g., during puberty, pregnancy, and breastfeeding).

Upon a doctor's recommendation, the product can be used for anxiety and muscle cramps, as well as during long-term treatment with certain medications (e.g., hormonal contraceptives, immunosuppressants, cisplatin).

Dosage:

Consult your doctor, pharmacist, or nurse before using Magnesium Lactate Biomedica.

Children over 6 years: 1 tablet daily

Adults: For prevention, 2-3 tablets daily; for magnesium deficiency, 6 tablets daily; in other cases, 4 tablets daily. It is advisable to divide the daily dose for adults into 2-3 doses (morning, noon, evening).

Warning:

Exercise caution when using this product if you have kidney or liver disorders, heart rhythm disturbances, or if you are undergoing treatment with digitalis glycosides (for heart conditions) or muscle relaxants. Taking the product on an empty stomach may have a laxative effect.

Store at a temperature up to 25°C in the original packaging to protect it from moisture. Keep this product out of the sight and reach of children.

This product is available without a prescription. It is not intended as a long-term substitute for a varied diet.

Read the package leaflet carefully. Reg. No. 39/242/14-C.

Composition:

The active ingredient is magnesii lactas dihydricus (magnesium lactate dihydrate) 500 mg per tablet.

Other ingredients include microcrystalline cellulose, copovidone, sodium croscarmellose, talc, and magnesium stearate.

Packaging: 50 / 100 tablets

BIOVENOL[®] HEMO Gel is designed for the skin around the rectal area, which is prone to redness, itching, and irritation. The combination of extracts from oak bark, aloe, witch hazel, agrimony, plantain, chamomile, meadowsweet, and St. John's wort soothes irritation and provides a feeling of relief. The effects of the gel are enhanced by the content of allantoin and panthenol.

Instructions for Use: Before application, wash and thoroughly dry the irritated skin in the anal area. Apply twice daily.

Ingredients:

Aqua, Alcohol Denat, Carbomer, Sodium Hydroxide, Phenoxyethanol, Hamamelis Virginiana Leaf Extract, Propylene Glycol, Quercus Robur Bark Extract, Quercus Petraea Bark Extract, Ethylhexylglycerin, Spiraea Ulmaria Extract, Agrimonia Eupatoria Extract, Hypericum Perforatum Extract, Plantago Lanceolata Leaf Extract, Chamomilla Recutita Flower Extract, Allantoin, Panthenol, Aloe Barbadensis Leaf Juice Powder.

Packaging: 75 ml

DentaSalvia® concentrate

A Sage Kiss for your mouth

SAGE MOUTH WASH

Packaging: 50 ml

DentaSalvia® Concentrated Sage Mouthwash effectively reduces the formation of dental plaque, a major cause of gum inflammation and periodontal disease. With its high content of sage extract and a unique combination of thymol and essential oils, particularly Australian Tea Tree Oil, it significantly tightens gums and exhibits antiseptic properties. This mouthwash not only refreshes breath with peppermint essential oil but also offers easy dosing and dilution. It is fluoride-free and suitable for daily use.

Recommended Dosage:

The precise dosage is ensured by the spray dispenser. Dispense the desired amount of mouthwash (maximum 15 sprays) into a container and mix with 100 ml of water. Not for use in children under 3 years old.

Instructions for Use:

Thoroughly rinse your mouth with the diluted concentrate for about 30 seconds, then spit it out. Do not swallow. Do not spray directly into the oral cavity.

Ingredients: Alcohol Denat., Aqua, Mentha Piperita Herb Oil, Mentha Arvensis Herb Oil, Talc, Thymol, Salvia Officinalis Extract, Eucalyptus Globulus Leaf Oil, Glycerin, Melaleuca Alternifolia Leaf Oil, Sodium Saccharin, Limonene, Linalool.

Tea Tree Oil Australia

Cosmetic Product

100% Natural Essential Oil derived from the distillation of tea tree leaves (Melaleuca alternifolia). This unique tree grows only in New South Wales, Australia. Tea Tree Oil has a wide range of uses. It is most commonly applied topically as needed, up to twice a day, on irritated, dry skin prone to cracking. It is also suitable for use on skin after insect bites. The product is available in a roll-on format for easier application. Dermatologically tested.

Instructions for Use:

Use locally as needed, applying to the targeted areas.

Tip:

Recommended for outdoor activities, for children at camps, and also suitable for travel or to keep in your handbag.

Warning:

For external use only; avoid contact with eyes. Not for use in children under 3 years old. Keep out of reach of children.

Ingredients:

100% natural oil from Australian tea trees (Melaleuca Alternifolia).

Packaging: 8 ml, roll-on

THE SCENT OF
AUSTRALIA

Christmas aroma

Air Freshener for Indoor Use

This sweet Christmas scent is perfect whenever you need to refresh, uplift, or relax, bringing a touch of festive spirit into your life. Whether at home, work, school, or anywhere else, this blend of orange and clove essential oils has a relaxing effect, promoting calmness and alleviating mental tension. The addition of cinnamon, cedar, lemon, and fir essential oils enhances the freshness of your space and evokes a Christmas atmosphere.

Instructions for Use:

Spray the product several times into the room. Shake well before use.

Warning:
